

MEMBERSHIP RENEWAL 2019/20

Dear Member,

MEMBERSHIP RENEWAL

It's time to renew your annual membership of HAC. The membership renewal form for the 2019/20 membership year is attached. Please print it out, complete and return to the Club not later than 31st March 2019 if you wish your membership to be uninterrupted. I will process your application and put your new membership card in the clear envelope pinned to the Membership Noticeboard in the Ops Room unless you send me an SAE for me to send to you by post. If you are unable to print out the form and are unable to download it from the website, printed blank forms will be pinned up on Membership Noticeboard in the Ops Room. Your membership card is not valid without a photo and possession of a membership card is required to access the airfield. Either send a new photo or cut out the one from your old card and include it with your membership renewal application. Finally, if you do not intend renewing your membership please e mail me (mrussell7934@me.com) accordingly.

FEES

The annual Membership fees for the year 2019/20 will be £115 for Full Members and £230 for Associate Members. The Temporary Membership Fee will remain at £90 per quarter. This is the first increase since 1 Apr 2016 and reflects the reality of increasing cost.

STATION PASSES

As in previous years the Station Social & Vehicle Pass renewal paperwork is not being distributed by the Club. The Station Pass Office will send you the necessary paperwork to renew your Station Passes; complete and send/take to Jon Kumela (not me) for countersignature and forwarding to the Pass Office who will notify you when your new pass is ready for collection. Remember that you **MUST** have a valid MOD ID Card or Social Pass & a Halton Vehicle Pass to enter the airfield and it is your responsibility to make sure your Station Passes are kept current.

IER DUTIES

The Chairman has asked me to remind members of the commitment they make to complete the IER training and carry out at least one IER duty in the Club year. The continued failure of enough members to volunteer for this obligatory duty has necessitated the introduction of a new procedure whereby IER slots will be assigned to members and failure to fulfil your assigned duty or find a replacement will result in a financial penalty. This is your Club and it is unfair to leave all the work that makes your flying possible to the "usual few". Opsman has issued/will be issuing further details of the new protocol.
